

# Nature Appointments

*A hands-on approach to nature education*

Naturalist-guided services are available year-round for your group. We welcome school and youth groups, preschoolers, homeschoolers, boy/girl scouts and other community organizations. We can bring nature to you or your group may visit the Nature Room and Outdoor Natural Play Area! There are a variety of topics to choose from and we can customize the topic to fit your group's needs. Depending on the topic, our nature appointments may include an interactive nature talk, stories, games and a live animal. Program examples include:

- Animals of West Bloomfield
- Have to Have a Habitat
- Fur, Feathers, Scales & Tails (animal classification)
- Animal Adaptations
- Birds of a Feather
- Nature's Mythbusters
- Guided Seasonal Nature Walk
- Wetland Wonders (spring/summer only)
- Incredible Insects (spring/summer only)
- Nature Detectives (winter only)
- Girl and Boy Scout Badges

Contact Naturalist, Lauren Azoury to schedule your appointment!
